# **Body Jewellery Gauges Ball & Stone Diameters**

Chart must be printed to be accurate!

Use the circles and lines below to determine what the gauges, ball diameters, or stone diameters listed in our product descriptions look like. You can also use these circles and lines to measure the gauge, ball, or stone size of your jewelry. Just lay the jewelry on the circles or lines below to determine the accurate size.

#### Double check yourself: this box should measure 2" long (50mm)

### **Ball & Stone Diameters**

Use to visualize or measure ball or stone sizes.

## DO NOT MEASURE ON THE COMPUTER SCREEN!!! CHART MUST BE PRINTED TO BE ACCURATE!!!

Make sure "Page Scaling" says "None" during printing.

## **Body Jewellery Gauges**
